

I am writing today to keep AIR 1 on the radio! AIR 1 serves a Christian news outlet for me and my community. Hundreds of area Christians also get hours of enjoyment listening to their favorite Christian artists. If AIR 1 was displaced, the community of Christians would be obviously upset. There is great public interest in keeping AIR 1 on the radio waves - First, it is inspirational and motivational to believers in Jesus Christ. Second, Jesus promotes love, kindness, compassion, self-less acts of serving others - AIR 1 promotes these values. AIR 1 encourages and strengthens a person's faith.
